

MD. TANJIMUL ISLAM

Computer Science Undergraduate | Software Developer
Dhaka, Bangladesh | +880 1571-270640 | tanjim433@gmail.com

OBJECTIVE

Computer Science undergraduate at Ahsanullah University of Science and Technology (AUST) with a strong interest in software development, artificial intelligence, and emerging technologies. Experienced in building web and mobile applications through personal, academic, and team-based projects using React, Node.js, and Flutter. A quick learner who thrives in collaborative environments and enjoys solving real-world problems through code. Eager to contribute technical skills, fresh ideas, and consistent effort to AUSTCAIC as an Associate Executive, while continuing to grow alongside a community of like-minded peers.

TECHNICAL SKILLS

- Programming: C, C++, Java, Python, JavaScript
- Web Development: HTML, CSS, React.js, Tailwind CSS, Bootstrap
- Backend: Node.js, Express.js
- Mobile: Flutter (Basic)
- Database: MySQL
- Tools: Git, GitHub, VS Code, Postman
- Concepts: Object-Oriented Programming, Data Structures & Algorithms, REST APIs, Responsive Web Design

PROJECTS

BacheLORE

github.com/tanjim041/BacheLORE

React, JavaScript, Node.js, CSS

- Collaborated on a full-stack web platform built to simplify independent living for students and young professionals in Bangladesh.
- Brought together shared-flat listings, maid hiring, secondhand marketplace, expense tracking, and tuition search into a single application.
- Contributed to frontend and integration work as part of a multi-person development team; deployed live on Vercel.

AUSThir App

github.com/tanjim041/AUSThir-App

Flutter, Dart, C++

- Developed a cross-platform mobile application as part of the Software Development-II (SD-II) lab coursework.
- Worked with a team to design and implement the app's core functionality using Flutter for Android, iOS, and desktop targets.

Smart Office Monitor (Techathon Nationals)

github.com/sucksatcse/techathon-nationals-smart-office-monitor

React, Node.js/Express, Tailwind CSS, Discord.js

- Built a real-time IoT office-monitoring system as part of a 4-member team for a national-level Techathon competition.
- Contributed to a live dashboard showing room-by-room power usage, automated after-hours alerts, and usage analytics.
- Helped integrate a Discord bot enabling real-time status queries and proactive alert notifications for the monitored office.

Weather Checker

github.com/tanjim041/Weather-Checker

React, Vite, OpenWeatherMap API

- Built a personal weather-lookup app that fetches live temperature, humidity, and wind speed data for any city.
- Designed a clean, responsive UI and deployed the app publicly on Vercel.

LEADERSHIP & ACTIVITIES

- Strong interest in Software Development, Artificial Intelligence with a habit of learning new technologies through hands-on projects.
- Active participant in university technical events and collaborative team projects, including a national-level Techathon.
- Demonstrated teamwork, communication, and problem-solving skills across multiple multi-member development projects.
- Keen interest in hackathons, applied research, and open-source learning as ongoing avenues for growth.

EDUCATION

Bachelor of Science in Computer Science & Engineering

2023 – Present

Ahsanullah University of Science and Technology (AUST) | CGPA: 3.3+ (through 6th Semester)

Higher Secondary Certificate (HSC), Science

2022

Adamjee Cantonment College, Dhaka Board | GPA: 5.00

Secondary School Certificate (SSC), Science

2020

Adamjee Cantonment Public School, Dhaka Board | GPA: 5.00

ACHIEVEMENTS

- To be updated.

CERTIFICATIONS

- To be updated.

LANGUAGES

Bengali (Native) | English (Professional Working Proficiency) | Hindi (Conversational)
